ANTI-THIEVERY BYLAWS MADE

FARMERS' VIGILANT ASSOCIATION IS NAME DECIDED UPON.

REWARDS $50 TO $100

War Is Also Declared Upon the Wolf And Red Fox.—A General Meeting Tomorrow.

By-laws for the newly organized anti-thievery association to be composed of Nodaway County farmers were framed this afternoon at a meeting of the committee appointed at the general meeting of the association last Saturday.

A tentative draft of the by-laws was prepared by Representative William Job and submitted this afternoon to his associates on the committee: W. E. Livengood, Elmo; Carl Harmon, Pickering; and Delbert Vert and Charles Wells, Maryville.

They met in the Farm Bureau office.

Tomorrow the results of the committee's deliberations will be submitted to another general meeting, to be held in the circuit court room of the courthouse.

Named "Vigilant" Association.

The suggested by-laws provide that the organization shall be known as the Nodaway County Farmers Vigilant Association. The objects of the association are stated as follows:

1. To prevent theft from its members and to assist law enforcing officials to apprehend and bring to justice law violators.

2. To raise and provide funds for the necessary expenses in carrying out the objects of this association.

3. To raise and provide funds to be used in the payment of rewards for the apprehension, arrest and conviction of thieves stealing from its members.

Membership is to be limited to farmers, the tentative by-laws providing: "The membership of this association shall be at least 400 law abiding citizens who are farmers or have personal property not under the protection of an incorporated city, town or village and have paid a membership fee of $2 to the secretary-treasurer or some member of the board of directors or someone authorized to solicit membership and receipt for fees."

The Rewards Offered.

The by-laws provided for rewards as follows:

$100 for information that will lead to the apprehension, arrest and conviction of any person or persons on the charge of grand larceny from a member of the association.

$50 for information that will lead to the apprehension, arrest and conviction of any person or persons charged with petit larceny from any member of the association.

$100 for information that will lead to the apprehension, arrest and conviction of anyone knowingly receiving stolen property, if the property was stolen from a member of the association.

$50 to $100 to any merchant, poultry dealer, junk dealer, second hand dealer, dealer in automobiles and accessories, oil dealer, repair shop men, commission firms of any kind, or an employe of any firm or company, or anyone whoever that will give information that will lead to the apprehension, arrest and conviction of any person or persons for grand or petit larceny from a member of the association.

Compensation For Officials.

The proposed by-laws provide also that a compensation in addition to rewards shall be paid by the association to officials in the apprehension of thieves or depredators when the fees of their offices are not sufficient to meet expenses incurred. In the event of a controversy as to the distribution of a reward, the executive committee shall determine how the reward shall be distributed.

"Members of this association," it is stated, "are presumed to be law abiding citizens; however, nothing in the by-laws of this association shall be construed as a protection of its membership from the pains and penalties of a violation if proven guilty, and rewards will be paid for the apprehension, arrest and conviction of a member of the association in the same manner and in the same proportion as other violators."

War Also On Fox And Wolf.

The association will not confine itself to human thievery. "This association," the by-laws read, "regard the wolf and red fox a nefarious carnivorous

Damage Suit Here On Change of Venue

A damage suit in which $7,500 is asked from the St. Joseph Railway, Light, Heat and Power Co., has been brought to the Nodaway County Circuit Court on change of venue from Andrew County, where it was filed originally on January 19, 1922.

The suit is brought by Vollie Korell, and a verdict in his favor, but for only $700, was returned by a jury on May 6, 1925. A motion for new trial was overruled, but a motion to arrest judgment is pending.

Korell charged in his suit that on August 12, 1922, he boarded one of the interurban cars operated by the defendant company, and paid his fare to Savannah. At stop 13, three persons boarded the car and attacked him, and at stop 14 two others entered and he was dragged off the car. He set forth that it was the company's duty, and that of its agents and employes to protect its passengers but that no such attempt was made in his behalf.

"TON LITTER" RULES MADE

ANY MISSOURI FARMER ELIGIBLE TO ENTER CONTEST.

ONE HERE LAST YEAR

Lawrence Ogden One Of 37 Winners In State.—Hope for Several This Year.

Rules for the 1926 ton litter contest for hog producers have been received by the Nodaway County Farm Bureau from the Missouri Livestock Association. They provide that any farmer in Missouri is eligible to receive a gold medal if he can bring a single litter of pigs up to the 2,000 pound mark in 180 days.

Litters must be farrowed between February 1 and April 15. Litters must be earmarked within ten days after farrowing time and this mark certified to by two neighbors and sent to the County Agent's Office.

Only those pigs suckled by their own dam can be included in the final weight. A nomination fee of one dollar is required by June 1, from each man who desires to continue the contest. A committee shall inspect nominated litters by June 15, and check up on ear marks.

The litter shall be weighed by a committee when 180 days old. Accurate feed records shall be kept from farrowing date. Contestants are urged to use practical feeds. Suggestions as to feed and care of litters will be furnished upon request.

Thirty-seven ton litters were produced in 1925 under the rules of the Missouri Ton Litter Contest. The heaviest litter weighed 3,306 pounds and was produced by George Dowell of Chariton County. Lawrence Ogden, Maryville, was one of the above thirty-seven men, producing a ton litter of Duroc Jersey pigs, consisting of ten pigs. Mr. Ogden was the only entry from Nodaway County last year, but it is hoped by the local farm bureau that several men will enter the contest this year.

That the Ton Litter Contest is not only interesting but a practical contest is shown by the fact that the average feed cost per 100 pound gain for the 1925 litters was $7.15.

C. A. M'COPPIN DIES SUDDENLY

SUCCUMBS WHILE IN AUTOMOBILE YESTERDAY.

FUNERAL TOMORROW

To Be Held At First M. E. Church. Another Service At Bolckow Tomorrow Afternoon.

Charles A. McCoppin, local real estate man, died suddenly, following a stroke of apoplexy, while sitting in his car near the Bee Hive Shoe Store about 4:20 o'clock yesterday afternoon.

Mr. McCoppin had been talking to Charles Carter, a farmer south of Maryville. Suddenly, he gasped, lifted his head, and it is thought that he died almost instantly.

Emmett Bartram, who was on his way to the Farmers Trust Co., noticed Mr. McCoppin's position and attempted to revive him but to no avail. The body was taken to the McCoppin home after a physician had made an examination and pronounced him dead.

About a half-hour before his death, Mr. McCoppin had been at the Farmers Trust Co. and had weighed. He remarked that he had lost several pounds recently and that "there seemed to be something pushing in on his breast."

Yesterday morning, Mr. McCoppin had complained of a "dizzy spell" which he had while dressing but apparently seemed in good health yesterday afternoon.

For some time, Mr. McCoppin had been in the real estate business with A. J. Cox and he was well known in Maryville and Nodaway County.

Funeral services will be held at 10:30 o'clock tomorrow morning at the First Methodist Church conducted by Dr. C. C. James. A second service will be held at 2 o'clock tomorrow afternoon at the M. E. Church in Bolckow and interment will be in the Bolckow cemetery, where two children are buried. Nodaway Lodge, No. 470, A. F. and A. M., will have charge of the service at the cemetery. Mr. McCoppin was also a member of Maryville Camp, M. W. A., and the Eastern Star Chapter.

Mr. McCoppin was born in Highland County, Aug. 18, 1861. He came to Missouri with his father and family in 1882 and his home was near and in Bolckow, Andrew County, until 1914. At that time the family moved to the present home at 422 West Thompson street. He was married in 1887 to Carrie Houghtaling.

Surviving are his widow and one daughter, Mrs. Beulah Wright, wife of G. P. Wright of Maryville. He also leaves six brothers and sisters: J. Milton McCoppin, Savannah, Mrs. J. S. Dougan, Mrs. R. E. Clare and Joseph McCoppin, Bolckow, Bolckow, Jacob M. McCoppin, Rea, and William T. McCoppin, Guilford.

TO FILE SUIT FOR BACK TAX

COUNTY COURT INSTRUCTS MRS. THORP TO PROCEED.

1924 AND PRIOR YEARS

Judges Also Continue Their Drive to Collect Current Personal Taxes.

Mrs. Bess C. Thorp, county treasurer and ex-officio collector, was instructed by the County Court today to bring suit for all unpaid real estate taxes due in 1924 and prior years.

For several days the court has been engaged in a drive for the collection of current personal taxes. The county judges have not been so concerned with current real estate taxes, as they are secured by the real estate itself. The law provides that this class of taxes cannot be sued on until one year has elapsed. But it is high time, the court holds, that the taxes due in 1924 and prior years are being paid.

Back taxes of 1924 and prior years total $26,986.

Mrs. Thorp also was instructed to collect unpaid merchants' taxes amounting to about $997. She has collected $8,594 of these taxes.

The railroad taxbook submitted by Mrs. Thorp was accepted. All of the $53,784.24 taxes listed there have been collected.

Continuing their careful scrutiny of the personal tax lists, the county judges accepted the taxbooks of three township collectors and refused three others, one for the second time.

Of those accepted, the nearest perfect book was submitted by G. E. Ingels of Pickering, collector of Union township. Delinquent taxes on his books totaled but $103.95, and only $12.17 of these were on personal property. Mr. Ingels collected $26,697.56.

Mrs. Cora B. Clary, collector of Atchison township, had collected $37,174.13 and had delinquent and erroneous taxes of $1,438.63. Only $24.33 was on personal property and her book was accepted.

The third book accepted was that of Marvin E. Laughlin collector of Washington Township. He collected $29,595.80 and had delinquent and erroneous taxes of $1,636.04, of which $67.41 was personal.

Collector J. O. Bolin of White Cloud township and Mrs. Pearl McLaughlin of Nodaway were instructed to return to their respective districts and to levy on personal property if necessary to make collections. The court pointed out that no obligations come before taxes and that even mortgaged property can be levied upon and sold.

Emmett Bartram, Polk Township collector, was denied a settlement a second time because of the unpaid personal taxes on the books.

Upholds Registration Act Assembly Passed

Citizens Of Cities Between 10,000 and 25,000 Required To Register Before Voting, Court Decrees.

Jefferson City, March 4.—The Supreme Court today upheld the constitutionality of the act providing registration of voters in cities of from 10,000 to 25,000 population.

In an opinion written by Judge Robert F. Walker, the court granted a preemptory writ of mandamus compelling Mayor Cecil W. Thomas and the council of Jefferson City to order a registration of the voters in this city for the municipal election next month.

The opinion was concurred in by all of the judges except Judge W. W. Graves, who was absent.

The suit to compel the registration was filed in the name of John Faust, treasurer of Cole County. The act was passed by the last session of the Missouri Legislature. Cities of 25,000 and more have had registration for many years.

BI-PARTISAN DRIVE UNDER WAY IN SENATE.

TO SAFEGUARD PUBLID

Advocates of Governmental Operation Ready To Vote On Any Amendments Which Might Weaken Resolution.

Washington, March 4.—A bi-partisan drive under way in the Senate today to amend the resolution under which the government's 150-million-dollar Muscle Shoals project would be leased to prevent interest for fifty years.

Many Democrats, Republicans and insurgents united in the task of throwing great safeguards about the public's interest in the property.

Senator Heflin, Democrat of Alabama, ranking member of the agriculture committee in favor of the majority report, who is leading the fight for adoption of the resolution without amendment today branded all alterations as "defeatist" movements, designed to prevent action at this time.

Advocates of governmental operation, largely composed of insurgents, were prepared to vote for any or all amendments on the theory that the resolution might be weakened and that the commission would be unable to negotiate a satisfactory lease.

Is of Interest to Maryville Folks.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Maryville resident. Who could ask for a better example?

Mrs. Mike Sturm, 708 E. First St., says: "A bad cold settled in my kidneys and disordered them. As a result, my back ached. When I stooped sharp twinges of pain darted across my back and it was hard to straighten. Headaches and dizzy spells also bothered me when little spots floated before my eyes. Two boxes of Doan's Pills from Gaugh & Evans' Drug Store rid me of the attack. I use Doan's once in awhile now and they always help me."

Hopkins Man Will Operate Coal Mine

Ed Pierson Would Lease Coal Land on Farm Four Miles Southwest of Burlington Junction

(Hopkins Journal)

Ed Pierson, who has rented his farm near this city to Wilbur Melick, is an expert miner, in fact, he has worked in mines the major portion of his life and expects to once again answer "the call of the wild."

Some thirty years ago he operated a mine on the Roe Carpenter farm, 4 miles southwest of Burlington Junction and if he can again lease the coal land on the farm, he will employ a number of miners and open a mine, paying the owner of the land a stipulated royalty on every bushel of coal taken out.

He says the local demand will take the output of the mine, that when he operated a mine on this farm thirty years ago, men came from as far away as Tarkio, for the coal, it being of good quality and sold at a price considerably less than the coal shipped in.

The coal on the Carpenter farm is near the surface and it will not be necessary to sink a shaft more than twenty-five or thirty feet.

Mr. Pierson was in Burlington Junction Tuesday looking for property and if he can get a satisfactory lease, and he is quite sure that he can, he will secure the needed help and begin operations at the mine as soon as spring opens.

Letts to Rochester

Mr. and Mrs. Will Lett left yesterday for Rochester, Minn., where Mrs. Lett will undergo treatment at the Mayo clinic.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Guard Your Daughter's Health!

Sedalia, Mo.—"For ten years I have been a user of Dr. Pierce's remedies, the 'Favorite Prescription' especially. And I have taken the 'Pleasant Pellets' as a mild laxative.

"Whenever I begin to feel run-down I start taking the 'Favorite Prescription.' I am giving it to my fourteen-year-old daughter now, and it is benefiting her wonderfully. I am glad of an opportunity to recommend Dr. Pierce's medicines." — Mrs. Mettie Howerton, 307 E. Third St.

Obtain Dr. Pierce's Favorite Prescription now in tablets or liquid from your neighborhood druggist. You will quickly notice the beneficial effect. Write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice. Send 10c if you wish a trial pkg. of the Tablets.

Overwrought Nerves

YOU never heard of a red-blooded person—man or woman—becoming a nervous wreck! And you never will. You never saw anybody with healthy, rich, red blood, get wearied by the activities of daily life. Did you?

No! Its weak blood—lack of healthy, rich, red blood. That's the whole trouble with those whose nerves are overwrought. They lack the resisting powers — the stamina that healthy, red-blood-cells give that enable us to stand up under the strain of daily life.

S. S. S. is the salvation of these unhappy people. It is just the thing needed to strengthen the nerves, restore muscular power to the body, and increase the endurance of weak, failing, run-down women and men.

Don't keep on going down simply because your blood is starving for want of healthy, red-blood-cells. You can get back your nerve power with S. S. S. You can do it just as surely as thousands have done for the past century.

S. S. S. also clears the skin of pimples, boils, eczema—hollow cheeks fill out and firm flesh takes the place of flabby muscles. Why, you'll begin living all over again. Get S. S. S. today from any good druggist. And get the larger bottle. It's more economical.

On the New Spring Styles

You're sure to have a good time in choosing a suit this spring. Men's styles were never better looking than now, and certainly they were never easier to wear.

Shoulders are higher and wider this season. It's a broad, very athletic effect. Many models are snug over the hips; all of them are extremely masculine. There's the same general effect of ease and comfort so popular in recent seasons, but the spring models are even smarter. Trousers are again wide.

You are certain to like these new styles. It's very important, of course, to choose the right make of clothes. Not everyone can give clothes the smartness, the distinction, that you want your spring suit to have. You'll find exactly the right thing here in the new suits by Society Brand. We have a variety. You're certain to find just the suit you want!

Anti-Thievery By-Laws Made

(Continued from page 1)

thief; they steal from the sheep fold, the pig sty and the poultry yard; they respect no law and pay no taxes; they are, in fact, outlaw families. In view of that fact, this association will pay a reward of $5 per head to the person that kills an adult wolf and $2 for wolf pups captured and killed in Nodaway County.

"The Congress of the United States," this provision continues, "have passed laws at the request of sportsmen protecting the fox every month of the year except December and January, and because of that fact they have become so numerous that the raising of turkeys in Northwest Missouri is all but abandoned, and the red fox is now preying upon other poultry, pigs and lambs. There being no law that will prevent a farmer killing the fox or any other carnivorous animal at any season of the year on his or her premises when in act of destroying his or her poultry, therefore this association, in the interest of stock and poultry raisers, will present any Nodaway County citizen with $5 for an adult fox or $2 for a young fox killed on his or her premises.

Must Have 400 Members

No reward of any kind is to be paid until at least 400 paid-up members have been secured.

The officers of the association are to be a president, vice-president, secretary-treasurer and one director from each of the fifteen townships, elected for terms of one year, by ballot among the members on the first Saturday in December of each year.

The president, vice-president and secretary-treasurer are to constitute the executive committee. All money paid out shall be by the order of this committee.

The compensation of officers was left for the meeting of the by-laws committee this afternoon. The tentative draft does provide however, that members of the board of directors shall receive $2 a day for each day they attend the regular annual meeting or call meetings of the association. In addition to his salary, the by-laws provide that the chief executive of the association shall receive traveling expenses when called from home in the interest of the association.

To Spread Alarm at Once

Among the duties of the secretary, upon receipt of information of a theft, is to notify immediately "the proper authorities, in person, by mail, telephone, telegraph or radio."

The by-laws further provide: "It shall be the duty of each member of this association, when a theft has been committed in his vicinity, to notify some member or co-worker of the board of directors in his township or some member of the executive committee, giving all the information he can, and assist all peace officers in the apprehension of any violator of law and order, regardless of whether or not the crime was committed against a member of the association or not; however, no rewards will be paid by this association unless the crime was committeed against some member of the association."

Should the association have insufficient funds to pay promised rewards, the executive committee is empowered to make an assessment upon the membership of the association for an amount sufficient to meet all probable obligations until the next regular annual meeting. The executive committee, however, is prohibited from issuing vouchers or checks for the payment of rewards or accounts for any purpose whatever unless there are sufficient funds in the treasury to meet them.

Around Our Town

Little Mary Ann Bovard is the proud owner of a pigeon-blood ruby ring. The other night some guests were visiting her parents and she brought forth the ring, saying to one of the men, "See my beautiful pigeon-toed ring?"

Maryville is a "dry" town. When traveling men make such a statement, it is bound to come pretty near to fact.

The other afternoon a teacher at the State Teachers College was walking up Main street. In his hand he carried a portfolio. A traveling man fell into step with him.

"A fellow just 'bummed' me for a dime," he said. "Wanted to buy a sandwich with it. I told him that I'd give him the money to buy some food but that it was useless to try and buy anything else, because I tried for two hours last night and couldn't locate even a smell."

A Maryville man today told of a woman who wrote a wholesale grocery firm and asked for a cookbook containing a recipe for hash. She received the following note:

"Dear Madam—You do not make hash from a recipe. It just accumulates."

Torrey, Lesta Spangler and the hostess. Mrs. Xa Lincoln will entertain the club March 17 when roll call will be hints and quotations concerning St. Patrick's day.

Open Session.

J. F. Hull, addressing an open session of the business and finance department of the Twentieth Century Club in the auditorium of the high school yesterday afternoon, discussed past Missouri and the possibilities of future Missouri.

"The potential wealth should not be all that should make Missouri proud," he said. "There are the great political, literary and men of art that hold a high place on the stage of Missouri history, aside from Missouri's great place in resources."

Speaking of the inland water ways bill, which was recently introduced in Congress, Mr. Hull said that it will do away with the economic disadvantages of the past for the mid-west and that it will mean a new era for Missouri industrially.

Yesterday's program was in observance of Missouri Products week.

Many Transfers of Real Estate Filed

80 Acres Near Barnard, 160 Near Skidmore and 400 Acres Near Elmo Among Bigger Deals.

With "moving time" on the farm, a large number of real estate transfers have been filed with Mrs. Mamie Clardy, county recorder. Some of them have been made in the last few days; others were made some time ago but were not recorded at the time.

Edwin R. and Ruby Brunk Tuesday sold to Jessie Fisher the north half of the northeast quarter of section 36, township 64, range 35, comprising eighty acres about one and one-half miles north of Barnard. The sale price was given as $1 and other considerations.

On February 26, Clyde W. Collins of Maricopa County, Arizona, sold to Frank W. Collins his one-half interest in the southeast quarter of section 7, township 63, range 37. The consideration in this deal, involving 160 acres about two miles southeast of Skidmore, was $11,000.

Hettie Meadows of Holt County paid $3,000 for a tract 100 by 253¾ feet, part of lots 17, 18, 19 and 20, block 5, in the original town of Skidmore. The purchase was made from Joseph C. and Cloie A. Manning of Skidmore, and the deal was made on February 27.

Last October 8, Hugh C. and Rachel C. Lyle paid William Beattie $15,000 for a farm of 120 acres, about six miles west of Barnard and described as the east half of the northeast quarter and the southwest quarter of the northeast quarter of section 11, township 62, range 36.

Calahill M. B. Suttle and his wife, Sarah C. Suttle, have sold their farm of 400 acres, about four miles northwest of Quitman, to Jesse J. Suttle for a consideration given as $1. The land is the southeast quarter of section 35, the southwest quarter of section 36, and the south half of the northwest quarter of section 36, all in township 65 and range 38. The deal was made on February 5.

George R. Ellison, executor trustee under the will of Amelia L. Diss, deceased, sold to Harry H. Mutz on January 23, the northwest quarter of the southwest quarter of section 28 and the northeast quarter of the southeast quarter of section 29, all in township 64, range 34. The farm contains eighty acres and is eight miles southeast of Maryville. The sale price was $4,500.

On February 9, Agatha C. and Henry C. Seipell sold to Gregory J. Auer, lot 1, block 3, Schafer's first addition to Conception Junction. The consideration was $125.

Rouge and Naked Knees Invisible In Eastern Cities

Society women of Washington and Pittsburgh do not wear rouge, their dresses are moderate, and "nary a knee" is visible, Miss Edith A. Barnard, dean of women at the State Teachers College said today in speaking of her trip last week to these two eastern cities.

Miss Barnard attended a ball at the Wardman Park hotel in Washington. "What color was in the women's faces was natural," she said. "I was impressed by the fact that there was none of the ultra-modern in these leaders of the nation's society.

"If the women rolled their hose, the fact was not visible. I did not see a single bare knee."

Many eastern women do smoke, the dean commented. In one tea room in Pittsburgh she said that she particularly noticed the number of feminine cigarette cases and the presence of ash trays at all tables.

Miss Barnard was asked about the length of women's dresses.

"This surprised me too," she said. Some of the party dresses reached to within 4 inches of the floor. I was told that the proper thing is to wear them that length or just below the knee."

Bobbed hair predominated. About as many women wore their hair straight as curled. The straight hair seemed more becoming.

"The men impressed me greatly," she said. "It was wonderful to see men in whom little courtesies seemed to be bred. I believe that the average college man does not have these little manners which so distinctly mark the gentleman."

An eastern paper quoted Miss Barnard as saying that the establishment of smoking rooms at Vassar and Bryn Mawr will have an effect on all schools for women in the future. She also said that the smoking problem for women has not reached the Middle West.

To Sister's Initiation.

Miss Margaret Remus, an instructor in the St. Joseph schools, will go to Des Moines, Ia., tomorrow to attend the formal initiation of her sister, Miss Catherine Remus, into Delta Gamma sorority to be held Sunday.

Sam Hayworth of Barnard was in Maryville today.

Marshfield—The new school building here has been formally opened with a public reception. The gymnasium seats 150 persons.

Ozark—A Shepherd of the Hills Association has been organized here to attract attention to this famed section of Missouri.

FARM GLIMPSES

By BILLY TILSON

Closing Grain Review.

Chicago, March 4.—Closing grain prices were erratic and irregular on the Chicago Board of Trade today, wheat and oats closing weak and lower while corn showed a spurt and finished the day at substantial price advances.

Wheat showed the effect of the bears rush at the opening, recessions at the close being from 1⅜ to 3⅜ lower than yesterday's close. Foreign support was lacking on the buying end and it remained for eastern buyers to start the rally that helped recuperate some losses. Prices, however, reached a new low for the present bearish movement.

Corn had more strength than wheat with all futures closing above yesterday's close. The strong undertone in this grain was attributed to the temporary shutdown on the corn movement from the farms.

Oats traders were inactive, this grain showing irregularity in a dull market at the close.

Provisions closed higher, due to absorption by outsiders, but its gains were cut by local traders who unloaded at the close.
